**Company Overview:** EMC is a global leader in enabling businesses and service providers to transform their operations and deliver information technology as a service (ITaaS). Fundamental to this transformation is cloud computing. Through innovative products and services, EMC accelerates the journey to cloud computing, helping IT departments to store, manage, protect and analyze their most valuable asset — information — in a more agile, trusted and cost-efficient way.

**Position Overview:** IT Internships are designed to transform passionate and ambitious college graduates into future leaders in the IT profession. These positions can build a variety of critical technical, business, and consulting competencies over the summer. Through hands-on experience, industry leading training, and networking opportunities, IT interns are given a fast-track to building a solid foundation on which to bring into the IT Leadership Program post-graduation or other full time roles available within the IT organization.

### **Benefits of this internship:**

- Flexibility to navigate and gain experience in areas of IT
- Collaboration with other like-minded bright, and intelligent individuals
- Gain foundational knowledge in an industry leading IT organization

### **The Ideal EMC IT Intern Candidate**

- Demonstrated passion for technology
- Exceptional problem solving, communication and teamwork skills
- Excellent interpersonal skills
- Willingness to learn and grow
- Ambition to become an leader in IT
