Career Outlook
The HIT Certificate Program prepares students for entry-level Healthcare IT careers in a variety of healthcare settings, including physician offices, clinics, hospitals and with third-party contractors. Students also gain the knowledge and skills needed to achieve the National Health Information Technology Competencies and will be prepared to take multiple IT certification exams. Jobs in the field include:

Jobs that use Comp TIA A+
- Technical Support Specialist
- Field Service Technician
- IT Support Technician
- IT Support Administrator

CCENT jobs
- Network Support
- Network Technician
- Systems Administrator

Healthcare IT specialized jobs
- Healthcare Systems Support
- Healthcare IT Support
- Technology and Information Management Support
- Healthcare IT Technician

Health Information Technology (HIT) Certificate Program

The GPSTEM project is partially funded by a $20,000,000 grant awarded by the U.S. Department of Labor, Grant #TC-26450-14-60-A-25. This product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor.

It is against the law for this recipient of Federal financial assistance to discriminate on the basis of race, color, religion, sex, national origin, age, disability, political affiliation or belief, or citizenship/status as a lawfully admitted immigrant authorized to work in the U.S. Auxiliary aids and services are available upon request to individuals with disabilities. If you think you have been subjected to discrimination, you may file a complaint within 180 days with either the recipient’s Equal Opportunity Officer or the Director, Civil Rights Center (CRC), U.S. Department of Labor, 200 Constitution Avenue NW, Room N-4123, Washington, DC.

AFFIRMATIVE ACTION and EQUAL OPPORTUNITY POLICY
Bunker Hill Community College does not discriminate on the basis of race, creed, religion, color, sex, sexual orientation, gender identity, age, disability, genetic information, maternity leave or national origin in its educational programs and in admission to, access to, treatment in or employment in its programs or activities as required by Chapters 151B and C of the Massachusetts General Laws, Titles VI and VII, Civil Rights Act of 1964, Title IX, Education Amendments of 1972, and Section 504, Rehabilitation Act of 1973 and regulations promulgated thereunder. Direct all inquiries concerning the application of these regulations to Thomas L. Saltonstall, Director of Diversity and Inclusion, the College’s Affirmative Action Officer and Title IX and Section 504 Coordinator, 250 New Rutherford Avenue, Room E236F, Boston, MA 02129, by emailing tlsalton@bhcc.mass.edu or by calling 617-228-3311.
Health Information Technology (HIT) Certificate Program

Program Overview

The Health Information Technology (HIT) Certificate program is designed for students who wish to enter the Healthcare IT field and for practicing healthcare workers who wish to apply Healthcare IT competencies to their current positions.

The HIT program focuses on Healthcare IT privacy, security, networking and mobility concepts to help students understand the Healthcare IT industry and provide hardware and software support in the healthcare environment. Students will gain skills in the health information management and workflow analysis needed to utilize Healthcare IT effectively to manage patient care, improve communications and support information sharing.

The HIT Certificate program is designed to be ‘stackable,’ allowing students to apply completed courses to IT degrees and additional IT certificates, including the Health Information Network Certificate and the Networking Technology Administration certificate and degree.

The HIT Program includes Web, Hybrid, Lecture Formats, and Mini Semesters.

Required Courses
