The Office of Academic Innovation and Distance Education (AIDE) is pleased to announce the launch of our new Student Resource Center!

The Student Resource Center – open now for immediate student access – provides students with hands-on practice using Moodle - Bunker Hill Community College’s Learning Management System (LMS) - and offers various resources and activities to support your learning experience here at BHCC.

We encourage you to visit the Student Resource Center! You’ll have the opportunity to:

- experiment with Discussion Forum and Assignment Submission tools within Moodle before the start of your actual credit course
- take our online readiness self-assessment quiz to determine if you are ready for online courses now or in the future
- view various learning and teaching materials such as:
  - our “How To” video library covering topics such as using Moodle, [uploading media content](#) and working with tools like LockDown Browser
  - introductory videos and handouts on [ePortfolio and Digication](#)
  - an online readiness self-assessment tool to help you decide if online learning is right for you
  - helpful links to other departments such as [Disability Support Services](#) and the [Veterans Center](#)

The Student Resource Center is open and available today – please login to Moodle and check it out! You can scroll down to the next page for step-by-step instructions on how to login to Moodle and navigate to the Student Resource Center. The Student Resource Center will remain available to you for the duration of your career at BHCC. We hope you will visit frequently for more updates and information!

Please note that the Student Resource Center is not your actual credit course. Participation within the Student Resource Center is optional and no grade is applied to your BHCC transcript.

If you have any questions, please contact kturner@bhcc.edu or call (617) 228 – 3427 or stop by Room E230 of the Charlestown Campus.

With best wishes for a successful semester,
Katie Turner
Coordinator of Online Student Support
