

Lesley University and Bunker Hill Community College Partnership

Associate-to-Bachelor Articulation Agreement

Spring 2019, Updated Summer 2021

Lesley University (*herein referred to as "Lesley"*) and Bunker Hill Community College (*herein referred to as "BHCC"*) enter into this articulation agreement (*herein referred to as "the agreement"*) in order to facilitate the transfer of students who have completed associate degrees at BHCC to bachelor degree programs at Lesley.

Provisions of the Agreement:

1. Admission to Lesley:

- a. Admission: Students shall be admitted to Lesley if the following conditions have been met:
- i. Earned associate degree in designated BHCC programs (as stipulated in attached addendum/a) at the time of matriculation to Lesley;
 - ii. Earned cumulative GPA of 2.5;
 - iii. Satisfied specific Lesley College and program pre-requisites;
 1. College of Liberal Arts & Sciences: admission is contingent on any program requirements as stated in this agreement and/or catalog.
 2. College of Art and Design: admission is contingent on any program requirements as stated in this agreement and/or catalog and a portfolio review (for some programs) and;
 - iv. Satisfied Lesley's transfer student criteria as stipulated on the Lesley website.
- b. Financial Aid: Admitted transfer students will have access to Lesley's regular financial aid opportunities and may qualify for and receive Lesley University scholarships or discounted tuition per Lesley's published policies and procedures.

2. Transfer of credits:

- a. Course Transfer: If a student has completed an Associate of Arts or an Associate of Science, Lesley will accept all college level courses passed at BHCC (without an associate degree, students must earn a "P" or "C" or higher in order to transfer courses).
- b. General Education: If a student has completed an Associate of Arts, an Associate of Science, or a "Mass Transfer" specified associated degree, Lesley will accept the embedded "General Education Foundation" in full" to meet the requirements of Lesley's general education foundation as required by the appropriate undergraduate college with the exception of up to 6 additional credits meeting Lesley's Collaboration and Applications outcomes. Students transferring to Lesley's College of Art & Design may be required to complete additional art history courses, as program requirements, either through transfer courses or courses taken upon enrollment at Lesley.

c. Major/Program Requirements: BHCC students may fulfill Lesley major/program requirements per specific program-to-program equivalencies as stipulated in attached addendum/a. Any remaining major requirements and electives will be transferred to, or taken from, Lesley.

d. Transfer Totals:

College of Liberal Arts and Sciences (CLAS): CLAS will accept up to 90 total transfer credit (including any credits earned via prior learning assessment). Students are required to meet Lesley's minimum residency of 30 credits, however, students must also meet all requirements of CLAS majors/minors; therefore not all transfer credits may apply to program requirements.

College of Art and Design (LA+D): Because of its extensive specialized curriculum and studio requirements, LA+D reserves the right to require additional course work and portfolio review, when appropriate, for students transferring into LA+D programs, as outlined on the course equivalency guide provided per program-to-program agreement. LA+D allows up to 66 transfer credits for BFA programs.

3. Promotion of the Agreement:

Lesley and BHCC agree to promote this agreement in catalogs, websites and in appropriate marketing materials and will encourage students to consider Lesley for continued education toward a bachelor degree.

4. Recruitment and Advising of Students:

a. Recruitment: Lesley and BHCC agree to mutually market and advertise opportunities for transfer students from BHCC to Lesley including, but not limited to, the following:

i. Lesley and BHCC will work together to identify and schedule strategic recruitment opportunities at all phases of the BHCC student lifecycle (high school recruitment through associate degree attainment/alumni).

ii. To the extent possible, BHCC will provide Lesley with lists of interested and eligible students and alumni from which Lesley will recruit students.

b. Pre-Transfer Advising: Lesley agrees to work with BHCC to provide individualized and/or group advising on the BHCC campus to interested students after their acceptance to BHCC but prior to application and admission to Lesley.

c. Referrals to BHCC: Should Lesley identify students with some credits but no associate degree (from any sending institution), Lesley will refer students (when appropriate to students' goals) to BHCC for associate degree completion prior to matriculation at Lesley.

i. BHCC agrees to identify a liaison for students interested in enrolling at BHCC for the purposes of transferring with a BHCC associate degree to Lesley.

5. Data Sharing:

Every three years, upon review of this agreement, Lesley University shall provide BHCC with data on BHCC transfer students in the programs identified in this agreement to determine the success rates for BHCC students who transfer to Lesley under this agreement.

Data to be shared with BHCC:

- Number of BHCC students who transferred to Lesley pursuing programs identified in this agreement
- Date of enrollment at Lesley University
- Date of degree completion
- Cumulative grade point average

This data shall not contain any personal identifying information and will be used solely for the purposes described. With the exception of the Data Recipient of BHCC, the Associate Dean of Enrollment, Advising/LifeMap and Assessment, the data shall not be shared or made available to any unauthorized personnel or other third party unless otherwise specified in this agreement.

6. Program Updates:

Each school will notify the other should any curricular changes be implemented that impact the transfer of credits as stipulated in the program-to-program equivalencies in the addendum/a.

7. Review and/or Amendment of Agreement:

This agreement and any accompanying addendum/a will be reviewed once every two years with an exchange of visits or at any time by written request by either school. Changes and amendments to this agreement and the Addendum may occur with the consent of both schools. Either school may terminate this agreement 60 days after written notification to that effect is received by the other college or at any time with mutual consent.

7. Neither party may assign its obligations under this Agreement, in whole or in part, without the written consent of the other party.

8. This Agreement shall be construed in accordance with the laws of The Commonwealth of Massachusetts.

9. This Agreement embodies the entire understanding of the parties and supersedes all prior agreements, whether oral or written.

ADDENDA

Specific program-to-program “transfer guides” for select degree programs will be developed between program-specific faculty at Lesley and BHCC and added to the agreement as addenda. (See 2. Transfer Credits, section d).

These transfer guides will provide BHCC graduates with mapped pathways between their coursework and degree requirements at BHCC and the coursework and degree requirements at Lesley.

Program-to-program transfer guides, or course equivalency guides, for select majors or degree programs will be made available to students, advisors, faculty and staff at each institution.

Lesley will provide individualized and/or group advising on the BHCC campus to students in Lesley at BHCC pathways (Business Management, Early Childhood Studies, Liberal Studies, Psychology).

Additionally, this Lesley-BHCC agreement will apply to students who are not enrolled in majors or degree programs with course equivalency “transfer guides” as long as they have earned an Associate in Arts or

Associate of Science. Students transferring from non-mapped programs will have their courses reviewed individually for course matches based on the student's degree of interest at Lesley.
