

GUIDED SELF-PLACEMENT (GSP) MATH TEST

This test is recommended for most majors.

The maximum placement is MAT-194 College Algebra, so students who need to take classes above that level (Pre-Calculus, Calculus) should take the Accuplacer test.

- Start with Test 1 – 13 questions/90 minutes.
- If you get less than 11 correct, take Test 0.
- If you get 11-13 correct, you qualify for college-level math courses. You can also try Test 2.

Test 1	Test 0	Test 2 (optional)	Course Placement
0-10 correct	0-10 correct		MAT-093 Foundations of Mathematics
0-10 correct	11-13 correct		MAT-097 Fundamentals of Algebra MAT-098 Pre-Statistics
11-13 correct		0-10 correct	MAT-099 Intermediate Algebra College-level math courses*
11-13 correct		11-13 correct	MAT-194 College Algebra for STEM

*College-level math courses include:

MAT-100 Topics in Career Math
 MAT-171 Finite Mathematics
 MAT-172 Contemporary Math
 MAT-174 Quantitative Reasoning
 MAT-181 Statistics
 MAT-099 Intermediate Algebra with MAT-194 College Algebra
