HiSET SCORES

How Do I Interpret My Scores?

- HiSET tests are scored 0-20 points.
- A score of 8 is required to pass each subject.
- The Language Arts Writing also requires a score of 2 on the essay.
- You must pass the essay and the multiple choice at the same time to pass the Writing test.
- Your total score is the sum of your highest score in each subject.
- You must get a total of 45 points from all 5 tests combined to pass.
- If you score less than 8 on any test you will need to take that subject again.
- If you have less than 45 points total you will need to retest in something.

Your scores will be available in your HiSET account (www.hiset.ets.org):

- after 3 days for Math, Social Studies, Science, and Reading
- after 5 days for Writing.
