Maureen Glynn

Hi, I am Maureen Glynn and I want your vote for Vice President of Human Resources. Currently I serve as SGA Senator at Large and as a President of the Art and Design Club. As a Vice President of Human Affairs in the Student Government I would work with the other SGA leaders as we work together as a team. The Vice President of Human Affairs handles many tasks for SGA such as constitutional amendment issues and helping to fill vacant positions but SGA members all work a team to accomplish larger goals.

Right now the whole world is facing a global pandemic and as students we need to forge ahead and do the best we can with what we have presently. I think there are many solutions for students to access learning tools such as the tutoring center such as having an ongoing Webex room open and a call center to process students in quickly.

I believe that as school administration can learn how best to get services for students by hearing what students have to say through ongoing surveys and having many who work at the college answer calls for help by phone. Through students speaking up change can be made to such things as much easier access to tutoring, the library and restructuring the current job positions to make way for the likelihood of online learning this Fall 2020.

A little about my school and life experience is that I am a psychology major and will have my degree in media communications this May. I will finish the psychology degree in May of 2021. I am a member of the Commonwealth Honors program and Alpha Kappa Mu. I grew up in Dorchester and my mother was from Ireland and I am a first generation student. My sister-in-law is from Mexico and I strongly believe that we can vote as students in the presidential election and have a safer country for everyone. My name is Maureen Glynn and thank you for participating in the voting process and voting today.
