

Adding a Comment using the Telephone

Introduction

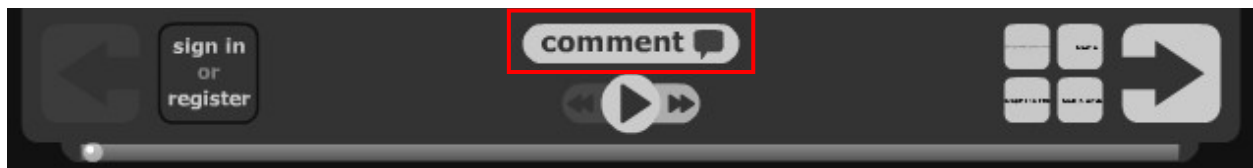

In this tutorial you will learn basics of how to add a VoiceThread comment using the telephone.

Add a comment using the Telephone

In the event that you do not have an internal or external microphone, you can use a telephone to make a comment. This tool allows VoiceThread to call your phone and record an audio clip and add it to the selected VoiceThread slide as a comment; similar to leaving a voice mail. Please keep in mind that when using the free version of Voice Thread the telephone recording time is limited to **three minutes of cumulative recording time**.

Step 1: Sign in and navigate to the Voice Thread slide on which you would like to comment.

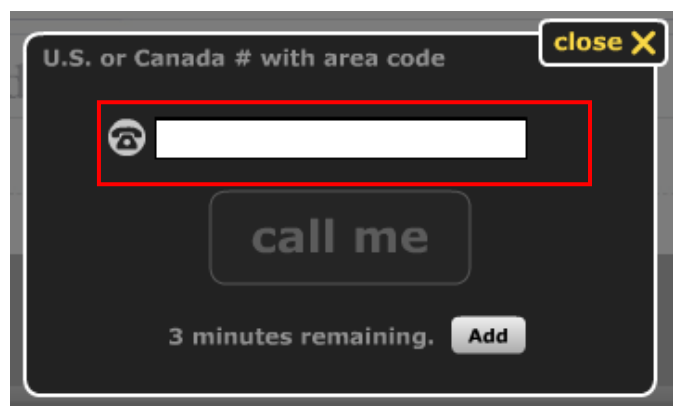

Step 2: Click **Comment** to access the comment options.

Step 3: Next, click the **Phone** icon.

Step 4: Enter your phone number in the field provided.

Step 5: Click **Call Me**. VoiceThread will call your phone.

Step 6: Answer the phone and leave your comment.

When you are finished commenting, your comment will appear on the Voice Thread slide.

Conclusion

We hope this guide was helpful.
